Mr. Ed. Gottlieb,
509 Market St.,
Philadelphia, Pa.

Dear Gottlieb:

First of all thank you for representing me at the game in Chicago Sunday. I received the check you sent for money due.

I would appreciate knowing what the \$5.50 for each player was for. I gave my men money for food on the train each way, and expected their expenses in Chicago to be paid off the top, however, I guess there is something I am not aware of. I haven't received a statement yet, would like to have one.

The turnout to the East-West game proves very definitely what could be done where Negro Baseball is concerned. I hope we will take steps very shortly to gather up the loose ends.

Posey has asked me to release The Cubans to him for Aug. 31st and take The Yankees in their place. I believe The Yankees would draw more here, as they are all practically Ex-Eagles. Incidentally they beat us last night 7-3. I want to order my placards this week for Aug. 31st, see if you can help get this straight. I think The Grays feel they can draw better with The Cubans. I expect Aug. 31st to be pretty good. I am going to make it "Johnny Borican Day". You know he is a Jersey boy. I will write you all details later, in the meantime please send me the names of all players who will take part in 100 yd. dash, catchers throwing contest, outfielders throwing. Borican is going to race the winner of the 100 yd. dash.

Will appreciate this information right away.

Very truly yours,
